To Advertisers.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and on that account, if no other, the best medium for advertising.

Local Items.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrillfield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

BRIEFS.—Our young friend, Dr. Geo. Woodward, son of Dr. R. C. M. Woodward, of St. Albans, is for the present located at Johnson, Lamotte Co., and has, we learn, quite an extensive practice.

The fall at the Junction House, Essex Junction, Thanksgiving evening, promises to be a pleasant affair. The music, it will be noticed, is to be furnished by Sales, Holmberg, and Kinsley's fall band.

The articles in the November and December numbers of the *Atlantic Monthly*, on "Co-Operative Housekeeping," were written by Mrs. Pierce, of Cambridge, Mass., a daughter of Rev. Thos. Fay, for several years Rector of the Episcopal Church in St. Albans.

Dr. S. R. Day left St. Albans early to-night for Florida, where he intends to remain during the winter months for the benefit of his health, which has been poor for some time past.

Mr. L. P. Kimpton, North Main Street, keeps a good assortment of Ladies' Furnishing Goods, as any one can ascertain by giving him a call. He says in his advertisement that he "shall not be undersold by any one"; and, we believe, full reliance may be placed on "Kimp's" declaration.

There is a considerable demand for the Welden Spring water, which has proved highly beneficial in cutaneous diseases, dyspepsia, and kidney and liver complaints. E. S. Goodwin is wholesale and retail agent for the sale of the water in Boston.

To-night and to-morrow night the New Orleans Minstrels give entertainments in Academy Hall, and we doubt if they will have crowded houses.—they come highly recommended, to say the least.

How often must we repeat that no notice is taken of anonymous contributions? They must be authenticated by the name and address of the writer, not necessarily for publication, but as a guarantee of good faith.

In common with many others of our citizens, we had hoped, before this time, to have seen a handsome store built on the vacant lot just north of the First National Bank, as also one on the site of Mr. Atwood's old store. There are now more eligible building places in our village, and the ugly gaps ought to be filled.

Persons sending us communications should write only on one side of the sheet.

A WARNING.—An eight year old daughter of Elder Luce, of St. Johnsbury recently had a leg broken above the knee in sliding down hill.

GOOD TEMPLARS.—The new Hall of Rutland Lodge No. 74, I. O. of G. T., in Phoenix Block was dedicated on Tuesday evening of last week. After the dedicatory services, an appropriate lecture was delivered by Dr. Charles Woodhouse.

ONIONS.—The House of Representatives have passed a bill, fixing the standard weight of a bushel of onions at 34 pounds.

A CONDEMNOR IN LUCK.—We see by the Troy Times that Conductor David Tolhurst of the Troy and Boston road, has at last gone into the "baby" business, having found, Friday morning on passing through the cars, on the arrival of his train at the Union depot, a female child, five or six months old, lying asleep upon one of the seats of a passenger car. The parent had either deserted it at the depot, or had thoughtlessly gone off, leaving it behind—either supposition being hardly in accordance with parental nature. Upon disturbing it, the little thing looked up and smiled sweetly, and David felt his heart warm toward it with almost fatherly affection. So David who has long been a man of family and of "great decision of character," but unfortunately childless, summoned a policeman and together they debated long and earnestly as to the disposition of the child. Finally it was decided to take her to the station house when, if not claimed, David proposes to bring her up as his own. David's many friends here congratulate him on his good luck and hope he will train his foundling "in the way it should go."

VALUABLE HEIFER.—Mr. Noah Paine, of Chelsea, has a heifer that was two years old on the twelfth day of September last. On the first of July last, she calved, and before that time she had given six hundred and five quarts of milk. This is considered to be an extraordinary instance and challenges the world. The animal is of the Ayrshire breed.—*Exchange.*

PERSONAL.—Hon. Henry B. Stacy, U. S. Consul at Ravel, Russia, arrived in Burlington Saturday evening, after an absence of seven years, and was warmly welcomed by his friends and townsmen. Mr. Stacy is a trifle grayer than when he left, but is in excellent health; and as active minded as ever.

Lansing Mills, the well known agent of the Vermont Central Railroad at Boston, is a Representative elect from Ward eleven of that city. He is a Republican.

Thomas Levert Nelson, a graduate of the University of Vermont, of the class of 1854, is among the Republican Representatives elected from Worcester.

FIRES IN PHILADELPHIA.—The saw-mill of Roscoe, Clark & Co., in the North-west part of the city was destroyed by fire Saturday night. The adjoining building used for wintering Forpaugh's menagerie was also partially destroyed. A lion and leopard got away, but were fortunately captured without doing any damage. Lafon, Roscoe and Clark's mill about \$8,000 partially covered by insurance; loss by the burning of the menagerie about \$45,000.

A MODEL PROCLAMATION.—Governor Chamberlain of Maine has issued the following model Thanksgiving Proclamation:

Gratefully acknowledging the manifold blessings of the God of Nature and of Grace, I do hereby, with the advice of the Executive Council, appoint Thursday, the 26th day of November next, as a day of public Thanksgiving and Praise; and I call upon the people of this State to assemble on that day in their sanctuaries and homes, to recount the mercies and celebrate the praises of our Supreme Benefactor.

Let the memory of sorrow soften our hearts toward all who suffer, and the joyment of prosperity lead us to do good unto all as God has given us means and opportunity, and let us ever yield unto him that humble obedience which is our reasonable duty and highest thanksgiving.

THE BANKRUPT ACT.—Persons desiring to take the benefit of the Bankrupt Act must have their application filed before the 1st, January, 1869. After that date petitioners will be compelled to show assets to the amount of 50 percent. of their debts.

LAKE CHAMPLAIN.—The steamer United States, of the night line of steamers, went into winter quarters on Saturday, and for the balance of the season the Adriatic will fill her place. The day boat having been withdrawn we shall now have but one boat a day each way.—*Times.*

If Samson's strength actually lay in the length and abundance of his hair, a liberal use of the famous "Barrett's Vegetable Hair Restorative" ought to impart manly times the strength of that doughty warrior, for there is no limit. It will not reach it if not properly applied.—*N. H. Patriot.* d&w.

Life has few charms for the Dyspeptic, which is not to be wondered at when we take into the account the amount of bodily and mental suffering that this distressing malady generates. The Peruvian Syrup (a protoxide of iron) has cured thousands who were suffering from this disease. w.

Renne's Pain-Killing Magic Oil is sold by most of our Druggists and Merchants, and has become a standard article in market. This position it has won by its merit. It is clean to use. It cures pain where it is used faithfully, and we intend always to keep it in the house to use. Try it. d&w.

110 LISPENARD ST., NEW YORK, October 13, 1867.

DEAR SIR:—It is with much pleasure that I say to you that I consider the Plantation Bitters of untold value. In the fall of 1867 I was taken with Chills and Fever, with the most severe pains in my chest and head. It was with great difficulty that I could breathe. My lungs were greatly distressed, and there was a pain in my right side, by spells I could hardly get up from bed. I called a Doctor, who attended me all winter without the least benefit. About the first of August I commenced using your Plantation Bitters—a wine-glass full three times a day—and have used it most of the time since, and I am now well and strong, able to do all my own work and the care of a large family. Yours, &c.
